

SUHAIL

Our Qatar-based outside broadcast truck

Suhail

Our Qatar-based outside broadcast vehicle has been built to satisfy the growing demand for live sport, conference and cultural event coverage across the region.

Compact and agile, Suhail has been designed with DSNG capabilities, and can take up to six fixed cameras and two RFs, as well as seating a crew of seven in air-conditioned comfort.

Specially configured to support both local productions and international crew shooting in Qatar, Suhail is the perfect high-definition mobile unit for a wide variety of broadcast needs.

About Gravity Media

Gearhouse Broadcast is part of Gravity Media, a leading global provider of complex live broadcast facilities and production services to content owners, creators and distributors. We use the collective pull of our people and resources to create world-class content that inspires and excites.

Gravity Media is a brand-new company with a 30-year pedigree, formed by the merger of Gearhouse Broadcast with three other established broadcast and production houses: HyperActive Broadcast, Input Media and Chief Entertainment. Our 500 people serve clients across the sport, media, news and entertainment industries from bases in the UK, Australia, USA, France, Germany and Qatar.

Our three broad categories of expertise - media services & facilities; production & content; and equipment rental & sales - span the entire broadcast spectrum. Contact us today to see how we can help with your next production.
